(1) Statement on Financial Accounting Standard No. 157 "Fair Value Measurements" - Various inputs are used in determining the value of the Fund's investments.

These inputs are summarized in the three broad levels listed below.

Level 1 - quoted prices in active markets for identical securities
 Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

• Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The following is a summary of the inputs used as of November 29, 2024 in valuing the Fund's assets carried at fair value:

	Investments in	Other Financial
Valuation Inputs	Securities	Instruments
Level 1 - Quoted Prices	\$ 4,487,463	\$ -
Level 2 - Other Significant Observable Inputs	17,551,791	-
Level 3 - Significant Unobservable Inputs	-	-
Total	\$ 22,039,254	\$ -

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For example, short-term debt instruments and repurchase agreements with a maturity of less than 60 days are valued using amortized cost, in accordance with rules under the Investment Company Act of 1940. Generally, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities are reflected as Level 2.

(3) Exchange Traded Funds.

(4) Variable rate security; the coupon rate shown represents the yield at November 29, 2024.

(3) All Corporate Bonds, Municipal Bonds and Structured Notes are categorized as Level 2 of the fair value hierarchy. Refer to Note 3 of the accompanying notes to the financial statements for additional information. (a) Security converts to floating rate after the indicated fixed-rate coupon period.

(b) Perpetual security. Perpetual securities have no stated maturity date, but they may be called/redeemed by the issuer.

ADR - American Depository Receipt LIBOR- London Inter-Bank Offer Rate, which is an international interest rate benchmark that almost all banks use as reference to set their funding costs.
